

CURRICULUM VITAE

Name: DR. CHETAN DODDAMANI
Address: H.No. 2235, Sector 11, Mahantesh Nagar, Belgaum, Karnataka, India, 590016.
Telephone: +91-9742020603 or +91-9599762029
E-mail: chetandoddamani01@gmail.com or chetan.doddamani@hotmail.com
Nationality: Indian
Employment: Postdoctoral Researcher at Indian Institute of Science (IISc), Bangalore
Languages: English, Hindi, Kannada, Marathi, and learning: Japanese JLPT 4 & 5

Degree	Institution	Specialization	Period
Ph.D.	Indian Institute of Technology Delhi, New Delhi	Transportation planning	2017- 2022
MTech.	Visvesvaraya Technological University, Belgaum	Transportation engineering	2012- 2014
B.E.	Visvesvaraya Technological University, University, Belgaum	Civil engineering	2008- 2012

STATEMENT:

Transportation engineering and planning researcher with 8+ years of experience in data-analysis, travel demand modeling, public transit planning, and multi-modal travel patterns. I have published 7 journal articles and presented my work at 10 international conferences. Proficiency in statistics and machine learning tools for strategic modelling. Currently at IISc, Bangalore I'm working on a real-world large scalable database to forecast Bangalore city travel demand to understand realistic development (infrastructure, fare, economic etc.) scenarios. Alongside, I use International Classification of Activities for Time-Use Statistics (ICATUS) to predict people's time investment in various activities. On-going academic credit course: Foundational Mathematics for using GenAI at IISc Bangalore.

SKILLS:

Statistics and Econometrics Modelling, Survey Design, Behavioral Modeling, Policy Analysis & Technical Report Writing. Software: R, Python, Geographic Information System (GIS), Transcad, , basics of PTV Visum, Transcad.

WORK EXPERIENCE:

2024 Nov - Present

Designation: Post Doctoral Research Associate-III at CiSTUP, IISc Bangalore

- Designed and executed large-scale travel behavior surveys, ensuring methodological rigor and high-quality data collection across multiple locations.
- Developed automated R and Python scripts for data validation, consistency checks, and preprocessing, enabling reliable downstream econometric and behavioral analysis.
- Applied advanced QGIS techniques to geocode survey responses, strategically map survey locations, and generate spatial visualizations to support survey planning and empirical analysis.
- Project report writing, communication and co-ordination to generate and business plans.

2024 Jan – 2024 July:

Designation: Researcher at Nagoya University, Japan

- Last mile EV charging behavior analysis.
- Analyzed vehicle ownership patterns by engine capacity in Japan.
- Data curation to reveal why and when people are likely to relinquish EV ownership.
- Developed R and Python workflows for data cleaning, validation, and exploratory statistical analysis.

2023 June- 2023 December:

Designation: Associate Transport Planner at Directorate of Urban Land Transport Department, Bangalore.

- Led data-driven evaluation of BRTS implementation and urban bus service performance, identifying operational bottlenecks and reliability issues relevant to large-scale network optimization.
- Contributed to city logistics planning and Comprehensive City Mobility Plans (CMPs) by integrating travel demand data, service performance indicators, and accessibility metrics.
- Translated analytical findings into actionable policy recommendations by engaging with senior government officials. Worked in a multi-stakeholder, ambiguity-rich environment, balancing analytical rigor with real-world operational constraints.

2022 Mar- 2022 Oct:

Designation: Senior Associate consultant - Transportation System at Institute for Transportation and Development Policy.

- Applied data analytics and AI-based techniques to review and synthesize public transport and informal transport (IPT) problem statements across 45 Indian cities, supporting scalable comparative analysis.
- Developed analytical frameworks to assess system performance, operational gaps, and electrification readiness across heterogeneous urban contexts.
- Prepared technical reports on scaling electric three-wheeler systems, integrating operational data, demand patterns, and policy constraints.
- Designed and executed IPT survey instruments to collect real-world data on e-rickshaw procurement, operational challenges, and adoption barriers.
- Engaged directly with bus depot managers and traffic controllers, translating analytical insights into operational recommendations and implementation strategies.

2016 July - 2015 Sept:

Designation: Junior Research Fellow, Indian Institute of Science, Bangalore

- Data collection of pedestrian behavior, traffic survey, parking survey.
- Data collection of pedestrian behavior dynamics towards a big data approach – Kumbh Mela Experiment.

2015 Jan-2015 Aug:

Designation: Assistant Professor at Kolhapur Institute of Technology, Kolhapur

- Subjects taught: Transportation engineering, Urban transportation systems, Urban and regional planning.

PUBLICATIONS:

Journals:

1. Hanni, U., Yamamoto, T. & **Doddamani, C.**, Toshiyuki Nakamura (2026). Analysis of Travel Activity Patterns and Charging Choices of BEV Users in Japan. (Accepted on 28th May 2026: Transportation, Springer).
2. **Doddamani, C.**, & Yamamoto, T (2025). Analysis of the Factors Influencing the Household Car, Motorcycle, and Bicycle Ownership in Japan. Taylor and Francis - Sustainable Transport and Livability.
3. **Doddamani, C.**, Manoj, M., & Yamamoto, T (2025). Effects of residential relocation and modal shift on travel satisfaction: context of Hubli-Dharwad cities in India. Taylor and Francis - Sustainable Transport and Livability.
4. **Doddamani, C.**, Majumder, P., & Manoj, M. (2024). Analysis of household car and two-wheeler ownership considering spatial dependency. Transportation Research Part D: Transport and Environment, 133, 104314.
5. **Doddamani, C.**, & Manoj, M. (2021). Analysis of the influences of built environment measures on household car and motorcycle ownership decisions in Hubli-Dharwad cities. Transportation, Springer 1-39. Impact factor: 6.052
6. **Doddamani, C.**, Manoj, M., & Maurya, Y. (2021). Geographical scale of residential relocation and its impacts on vehicle ownership and travel behavior. Journal of Transport Geography, 94, 103124. Impact factor: 5.899.
7. **Doddamani, C.**, & Manoj, M. (2021). Effects of the Built Environment and Socio-demographics on the Car and Two-Wheeler Ownership Levels: A Case Study of Dharwad City. Transportation in Developing Economies, 7(2), 1-13. Impact factor: 0.75.
8. **Doddamani, C.**, M Manoj (2022). Residential relocation and changes in household vehicle ownership and travel behavior: Exploring the context of Hubli-Dharwad twin-cities in India from a planning viewpoint. Impact factor 6.615.

Conferences:

1. Abdul Rawoof Pinjari, Tarun Rambha, Anil Koushik, Chetan Kumar Hanni, Prateek Agarwal, Sukanto Mette, Sangram Nirmale, Shobhit Saxena, Aviral Marwal, Sandhya Sourirajan, Vaishak Radhakrishnan, Aritra Karmakar, **Chetan Doddamani**, Sagar S Jirli, Bhumika S, Anshu Gagana V R, Manjeet Dubey, Kartik Puri, Vijay Kovvali, Vinod Akaveeti, Puranji Reddy Marutham, Sahil Sandesh Katle, Malakondaiah Pathapati, Pratyush Kumar, Vijaya Lakshmi S. **Title:** Aggregate-M3DM: A City-Scale Multi-Modal Mobility Demand Modelling Tool for Indian Cities. 8th Conference of Transportation Research Group of India (CTRG-2025) 17-20 December 2025 Guwahati, India.
2. Punyabeet Sarangi and **Chetan Doddamani**. **Title:** Exploring Gendered Interactions in In-home and Out-of-home Activity Participation: A Bayesian Analysis of NTUS Data 2019. 8th Conference of Transportation Research Group of India (CTRG-2025) 17-20 December 2025 Guwahati, India.
3. **Chetan Doddamani**, Manoj, M., & Yamamoto, T (2025). **Title:** Effects of residential relocation and modal shift on travel satisfaction: context of Hubli-Dharwad cities in India. 1st World Symposium on Sustainable Transport and Livability. Held on 25th to 27th June at the Tata auditorium, Indian Institute of Science Bangalore. 2nd prize award.
4. **Chetan Doddamani** and Yamamoto, T (2025). **Title:** Comparative Analysis of Factors Influencing Types of Household Car, Motorcycle, and Bicycle Ownership in Japan. Transportation Research Board (TRB) Annual Meeting (104th TRB) [5th-9th January 2025, Washington, D.C., USA].
5. **Chetan Doddamani** and M Manoj, **Title:** Residential Relocation and Shopping Mode Switch Behavior: The Context of Hubli-Dharwad Cities; Transportation Research Board (TRB) Annual Meeting (101st TRB) [9th-13th January 2022, Washington, D.C., USA].
6. **Chetan Doddamani** and M Manoj, **Title:** “Effects of the Built Environment and Socio-demographics on the Car and Two-Wheeler Ownership Levels: A Case Study of Dharwad City”, 5th conference of transportation research group of India (CTRG-2019).
7. **Chetan Doddamani** and M Manoj, **Title:** Housing tenure and vehicle ownership: A case study of Hubli-Dharwad twin cities; 13th International Conference transportation planning and implementation methodologies for developing countries 10 - 11 December 2020 (TPMDC,2020).
8. Gulzar, S., Ali, H., & **Chetan Doddamani**, (2017). **Title:** Ant colony optimization in pavement asset management. In Proceedings of ASCE India Conference 2017.

TECHNICAL REPORTS:

1. Status of Electric Informal Public Transport in India. Submitted to MoHUA, Government of India.
2. City bus service performance evaluation in Karnataka (Draft report submitted to DULT, Bangalore).
3. Bus Pass Ownership, Use, and Bus Travel: A Case Study of Hubballi-Dharwad City.
4. Effectiveness of Public Transport Subsidies and Travel Characteristics of Pass Holders – A Case Study of BMTC and Metro.

AWARDS:

- **2021 December:** SERB International Travel Grant by Department of Science and Technology, Government of India, Dec 2021.
- **2020 Aug- 2021 July:** Sumant Moolgaokar Research award by TRIP-center, IIT Delhi.
- **2017 Jan– 2021 Dec:** Institutional scholarship for pursuing Ph.D. at Indian Institute of Technology Delhi by Ministry of Human Resource Development, Government of India.

Declaration: I hereby declare that the information furnished above is true and correct to the best of my knowledge and belief and nothing has been concealed.

Thank you

Dr. Chetan Doddamani
